O'Reilly and Associates

Unix Text Processing (Hayden Books)

Unix Text Processing, by Dale Dougherty and Tim O'Reilly, was published by Hayden Books in 1987, back when O'Reilly & Associates wrote technical documentation for hire. Hayden later took the book out of print, but Dale and Tim retained the copyright and have decided to make it available through our web site under Creative Commons' Attribution License.

Unix Text Processing is available in the following ways:

- A single PDF file via HTTP

- A single PDF file via FTP
       Thanks to Tom Phelps for providing this document.

- Individual PDF files

- Individual PBM files

- groff and PostScript files--Beta
       Thanks to the groffer community for its ongoing work on these documents.
